Summer 2023: introduction of two new destinations and optimisation of current offers

Izmir, Turkey

Luxair launches Izmir, a very popular city in Turkey, situated on the Aegean Sea.

Also known as Smyrna, this city is a cultural hub where ancient Greek ruins meet elegant mosques, traditional bazaars and palm-lined boulevards. With prices starting at €299 for the roundtrip, Luxair invites its customers to discover this city of countless influences and to stay in one of the 14 hotels soon to be offered by LuxairTours.

As from 06 April 2023 and for the entire summer season, with one rotation per week, on Thursdays, our customers will be able to fly to Izmir, the second Turkish destination offered by Luxair and LuxairTours.

Chania, Crete

From 12 May 2023 and for the upcoming Summer season, Luxair will add Chania, in Crete, to its flight schedule. With one rotation per week on Fridays, LuxairTours customers will be able to explore Crete's second largest city. Typical city of Crete, considered one of the most charming of the island, Chania is a delight for the eyes thanks to its Venetian heritage, which is still pretty present, its colours, its beautiful beaches and the many activities inside and outside the city!

Tickets to Chania are already on sale and with prices starting at €315 for the roundtrip, young and old alike will be delighted by this destination that perfectly combines paradisiacal beaches and historical visits, while enjoying one of the 12 hotels soon to be offered by LuxairTours.
